

Test Leads

MP-20 Microprobes
98-0249

MP-10 Microprobes
98-0078

Common Test Lead
98-0043

DIP Test Clips and Cables

40 Pin and 20 Pin DIP Clip
Cables
98-0102 and 98-0103

Through-hole IC DIP Clip
and Cable Kit
98-0490 or 98-0591

SMT SOIC Clip and
Cable Kit
98-0543 or 98-0544

Other Useful Accessories

Footswitch for Older
Tracker Models
98-0314

Footswitch for Model 30,
TrackerPXI, Tracker 3200S
Tracker 2800/2800S
98-0315

Scanner Adapter for
Scanner II
98-0491

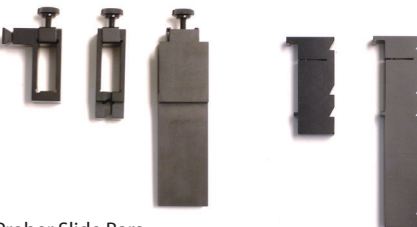

Prober Accessories

Prober Crossbars for Access, Access USB,
Access 2 USB and Prober III/IIIC
98-0119 (Access 2 USB and Prober III/IIIC)
98-0393 (Access and Access USB)

PCA Support Kit
98-0167

Prober Slide Bars
98-0133 Extended Slide Bar
98-0109 Standard Slide Bar
98-0132 Slide Bar Extension

Board Spacers
98-0111 Three slot Probers
98-0292 Four Slot Probers

Spring Probe Kit
98-0126

Huntron Parts and Accessories

MP-20 Microprobes 98-0249 - Huntron microprobes with safety shrouded banana plugs for the Trackers 200, 2700/2700S, 2800/2800S, 4000, 3200S, ProTrack, Tracker Model 30 and TrackerPXI. Can also be used with any instrument that accepts safety shrouded 0.16" (4mm) banana plugs.

MP-10 Microprobes 98-0078 - Huntron microprobes for the Trackers 1000, 2000, 2500, 5100DS and DSI 700. Can be used with any instrument that accepts 0.16" (4mm) banana plugs.

Common Test Lead 98-0043 - Used for the PCB to Tracker connection.

40 Pin DIP Clip Cable 98-0102 - Used with ProTrack Scanner, Scanner II (with Scanner Adapter) or Scanner 31S for DIP clips up to 40 pins.

40 Pin DIP Clip Cable for Tracker 2700S, 2800S - 98-0026 (not pictured)

20 Pin DIP Clip Cable 98-0103 - Used with ProTrack Scanner, Scanner II (with Scanner Adapter) or Scanner 31S for DIP clips up to 20 pins.

20 Pin DIP Clip Cable for Tracker 2700S, 2800S - 98-0290 (not pictured)

Through-hole IC DIP Clip and Cable Kit 98-0490 and 98-0591 - Through-hole style DIP clip kit includes two each of the following clip sizes; 8, 16, 18, 20, 24, 28 and 40 pin clips. Two each of the 20 pin and 40 pin DIP clip cables are included. The 98-0490 is compatible with the ProTrack Scanner, Scanner II (with Scanner Adapter, Scanner 31S and Tracker 3200S). The 98-05491 kit is compatible with Tracker 2700S and Tracker 2800S.

SMT SOIC DIP Clip and Cable Kits 98-0543 and 98-0544 - SOIC (small outline IC) clip kits include 0.15" and 0.3" (wide) versions of 8, 14, 16, 18, 20, 24, 28 pin clips and three DIP Clip cables. The 98-0543 kit is compatible with Trackers 2700S and 2800S. The 98-0544 kit is compatible with the ProTrack Scanner, Scanner II (with Scanner Adapter), Scanner 31S and Tracker 3200S.

Footswitch 98-0314 - The Footswitch allows you to start and stop the scanning leaving your hands free to change Tracker ranges or move the probes or clips (when used with Huntron Workstation). Supported by Huntron ProTrack, Trackers 200, 4000, 2700 and DSI700.

Footswitch 98-0315 - The Footswitch allows you to start and stop the scanning leaving your hands free to move the probes or clips (when used with Huntron Workstation). Used with Huntron Tracker Model 30 Tracker 3200S and TrackerPXI.

Scanner Adapter for Scanner II 98-0491 - Attaches to the front of the Scanner II allowing for the connection of IDC style connectors commonly used with DIP clip cables.

Prober Crossbars - Used with the various Prober slide bars to assist in holding a PCB firmly within the Prober test area.

98-0119 used with Access 2 USB, Prober III and Prober IIIC
98-0393 used with Access and Access USB

PCA Support Kit 98-0167 - This kit is used to assist in supporting large PCBs from underneath. The kit includes 2 weighted bases and two sets of support pins.

Prober Slide Bars - Used with the Prober crossbars to assist in holding a PCB firmly within the Prober test area.

98-0133 Extended Slide Bar; **98-0109** Standard Slide Bar;
98-0132 Slide Bar Extension

Prober Board Spacers - Used to hold a PCB under test away from the Prober side walls. This allows you to test to the board edge.

98-0111 Three slot Probers (Access, Access USB, Prober II/IIc and Prober III)
98-0292 Four Slot Probers (Access 2 USB and Prober IIIC)

Spring Probe Kit 98-0126 - This kit contains an assortment of 100mil and 50mil spring probes used with Huntron Probers. It includes spare probe tip receptacles and 50mil Probe Holder.
